

"The Wilderness Experience of a lifetime"

Peppers Seven Spirit Bay Wilderness Lodge is perfect for the adventurous or those who just want to relax. Just as tribal ancestors were inspired by the land so many thousands of years ago, this stunning Resort will touch your soul and inspire your sense of adventure.

ACCOMMODATION

Guests are privately housed in large, freestanding hexagonal habitats, each secluded in the bush. With only 23 habitats your experience is enhanced as the number of guests is limited. All habitats feature two queen size beds, spacious sitting area, its own private, semi-open 'bathroom in a garden' - a most indulgent and unique bathing experience perfectly suited to the tropical wilderness environment.

DINING

Sipping a favourite drink at the lounge bar and witnessing a magnificent Top End sunset, anticipating a meal that features the finest local and national produce with an emphasis on seafood. It doesn't get any better than this. Our chef designs your menu daily incorporating the freshest produce, a selection of bush tucker, fresh seafood and meats creating a dining experience suited to the warm climate of Arnhem Land.

RECREATION FACILITIES

Peppers Seven Spirit Bay features a stunning lagoon pool, beauty & massage treatments, sport and fly-fishing, guided walks, adventure safaris and wilderness tours.

LOCAL ATTRACTIONS

Garig Gunak Barlu National Park offers a number of unique wilderness experiences. Black point cultural centre, (featuring a display of Aboriginal, Macassan and European histories of the area) and Victoria Settlement (the ruins of an early northern Australian settlement) are just two of the unique experiences that can be arranged.

LOCATION

Peppers Seven Spirit Bay is located at the Top End of Australia's Northern Territory on the Cobourg Peninsula. The resort reached after a 45 minute flight from Darwin and short journey in a 4WD.
